

MAMLS Call for Nominations

Do you have concerns? Do you have ideas on how to make things better? Are you ready to collaborate with your colleagues across the province and country to turn your ideas and concerns into positive action for the profession? Consider taking up the challenge and the opportunity to make a positive difference by running for an MAMLS Board position. The following opportunities are open for nominations this year.

Vice President 2023

This three-year leadership commitment to the Board progresses to President 2024, and Past President 2025. You will:

- Work with an experienced Board in meeting the advocacy, educational, and professional promotion needs of Manitoba laboratory technologists and laboratory assistants.
- Meet, share ideas, and learn from your colleagues across the province and across the country.
- Attend LabCon and other exciting CSMLS opportunities in your Presidential year.
- Expand your horizons, develop and improve your networking, interpersonal, and communication skills, and open up a whole new world of laboratory opportunities.

Marketing and Communications Director 2023

This is a two-year commitment to the Board. As the Marketing and Communications Director, you will:

- Work with an experienced Board in meeting the advocacy, educational, and professional promotion needs of Manitoba laboratory technologists and laboratory assistants. This includes submission of a yearly budget and regular reports to the Board for all Marketing and Communication activities.
- Regularly organize volunteers and attend events that promote the medical laboratory profession throughout Manitoba.
- Post events and communicate with members via the website regarding Marketing and Communications activities.
- Meet, share ideas and learn from your colleagues across the province and across the country.
- Expand your horizons, develop and improve your networking, interpersonal, and communication skills, and open up a whole new world of laboratory opportunities.

Executive Assistant 2023

This is a two-year commitment to the Board. As the Executive Assistant, you will:

- Work with an experienced Board to help host professional development opportunities for Manitoba laboratory technologists and laboratory assistants.
- Develop and post relevant information and updates to social media platforms and the MAMLS website.
- Assist the Presidential chair with preparation for the Annual General Meeting and creating necessary AGM documents.
- Expand your horizons, develop and improve your networking, interpersonal, and communication skills, and open up a whole new world of laboratory opportunities. This includes representing MAMLS at LABCON once in a two-year term.

Medical Laboratory Assistant Representative 2023

This is a two-year commitment to the Board. As MLA Representative, you will:

- Work with an experienced Board to recommend continuing education opportunities for Manitoba laboratory assistants.
- Along with the Professional Development Director, liaise with Manitoba MLA training programs and advise regarding professional promotional material.
- Meet new people, share ideas, and learn from your colleagues across the province and across the country.
- Test your skills, develop new skills, and expand your horizons.

The deadline for submission is September 1, 2022. Please send an email to president.mamls@gmail.com attention Chair of the Nominations Committee to submit a nomination. Nominations should include a brief curriculum vitae. Should there be more than one nomination for a position, the successful candidate will be decided by an email vote.

MAMLS has been actively working to provide the medical laboratory professionals of Manitoba with education, advocacy and professional promotion since 1952. Now more than ever we need to be informed and proactive to ensure the profession evolves to provide the public with safe laboratory services and medical laboratory professionals with meaningful and rewarding careers.
